

Loans

Many students and parents choose to borrow money to help pay for college expenses. Northeast Technical Institute is here to provide information and give assistance in helping you become a responsible loan borrower. NTI encourages students to borrow as little student loans whenever possible. If you need assistance in borrowing just the needs of your programs expenses please reach out to Finaid@NTInow.edu.

William D. Ford Federal Direct Loans

The William D. Ford Federal Direct loans are available to most students regardless of income and provide a range of flexible repayment plans such as the income-based repayment plan. Federal Direct loans are offered in two types; Subsidized and Unsubsidized. Subsidized loans are available to students who demonstrate financial need on their FAFSA, whereas Unsubsidized loans are available to students who do not qualify for Subsidized loans but are otherwise eligible for federal financial aid. Independent and Dependent students whose parents are denied the Federal Direct Parent Plus loan are able to utilize the Unsubsidized Direct loan. Click [here](#) to find out the Federal Direct loan interest rates and origination fees.

Federal Direct Loans are not authorized for disbursement until you have reached 30 days of attendance. All documentation must be received prior to the authorization of your Federal Direct Loans, including Entrance Counseling and Master Promissory Note.

Direct Subsidized Loan

Available to Undergraduate students who demonstrate financial need on their FAFSA and are enrolled in at least half time (6 credits). Your college will determine the amount you are eligible for which cannot exceed your financial need.

U.S. Department of Education will pay your interest rate;

- while you're attending school at least half-time,
- the first six months after you leave school (grace period), and

- during an approved deferment period.

Direct Unsubsidized Loan

Available to Undergraduate students who don't demonstrate financial need. Your college will determine the amount you are eligible for. Interest does incur on the Direct Unsubsidized Loan while you are in school, and during your 6 month grace period until the loan is paid in full. You may choose to pay your accrued interest while you are in school but it is not required.

Federal Direct PLUS Loan

Parents of students have the ability to apply for the Direct PLUS loan to help cover educational expenses. Click [here](#) to find out the Federal Direct PLUS loan interest rate and origination fee. For further information about the Federal Direct PLUS loan please click [here](#).

Dependent students whose parent was denied the Direct PLUS loan may qualify for an increase in their Unsubsidized loan amount. Please reach out to the Office of Financial Aid at Finaid@NTInow.edu.

Private (Alternative) Loans

Private (Alternative) loans are educational loans that are not part of the Federal Direct Loan programs. Private loans require credit checks and sometimes even need a co-signer. Northeast Technical Institute encourages students to take full advantage of the Federal Direct Loan program before considering a private loan. Unlike federal loans, private loans are lenders such as banks or private institutional lenders who set the terms of the loans. Eligibility and loan rates do vary by lender. Private loan interest rates could be fixed or variable and may have fees associated with the loans.

NTI has put together a list of Private Lenders based on interest rates, borrower benefits, and repayment terms. You do not have to borrow from one of the lenders on NTI's Private Loan list. We suggest you research lenders to find the loan that best suits the needs of you and your family.

The information found below is subject to change and may be changed at any time without notice. It is best practice to visit the Private Lenders website directly for the most accurate information available.
